

DOMESTIC POLICY

The Security staff is having considerable problem with delays at the gate caused by domestics entering Palmetto Hall Plantation due to an inability to communicate. The POA requests that each of you register the domestics coming to your home by using the following form and **giving it to the guards before December 1, 2009.**

Domestics who meet the following qualifications will be allowed into the Plantation.

1. A valid drivers license
2. They are in an unmarked car (not a cleaning service)
3. The form is registered with the guards.

We also request that you give domestics who do not speak English a business card, a sticker with your name, or some identification of where they are going. There is a considerable amount of delay at the gate because of the inability to communicate with the guards.

Please note that domestics do not include pet sitters, landscapers, etc. It is only cleaning staff.

Thank you for your cooperation with this policy.
